

GROW YOUR OWN PIPELINE SNAPSHOT

One page. Your certification gaps – and the fastest path to closing them.

The Grow Your Own Pipeline Snapshot is a complimentary, one-page diagnostic brief prepared for your district by Gran Vía Pro. Based on a single 30-minute discovery call and the staffing data you provide, the Snapshot turns your certification picture into a clear, fundable action plan.

WHAT YOUR SNAPSHOT INCLUDES

- 01** Certification Gap Summary
Educators on emergency permits, intern certificates, or out-of-field assignments – broken down by certification area and campus.
- 02** Priority Certification Targets
The two or three certification areas that would close the most gaps, fastest, for your emergent bilingual learners.
- 03** Recommended Course Sequence
A pathway drawn from Gran Vía Pro’s 2026–27 course calendar, with dates your educators could join immediately.
- 04** Funding Alignment Note
Where Title III, Title II, and other federal funds can support each step of the work.

HOW IT WORKS

1. BOOK

Schedule a 30-minute discovery call with our team.

2. SHARE

Send your staffing and certification data – we’ll tell you exactly what we need.

3. RECEIVE

Your Snapshot arrives within 10 business days.

The same diagnostic approach behind Aldine ISD’s 500+ educator pipeline –

75 of 82 campuses reached · 86–100% certification pass rates

SYMPOSIUM OFFER · Book a discovery call by August 14 – first 10 districts receive a complimentary Grow Your Own Pipeline Snapshot
